Thanks. That's right, front door was etched.
And noted on the others.

Aaron,

I did forget the parking post, noticed that really late. The tree that he is speaking about is a carry over from the side door.

And between you and I the front door was done before all of this major tagging happened. That tagging occurred at least one week or more before this event took place.

The Starbucks parking lot I place on the 5166 Lankershim address, since that is a part their property.
